

## A Burning Glass

Guided by Voices

Let's invent a priest  
Brag of bread and water  
A burning glass  
That throws a shadow  
A shadow of the sun

Ask me what's the matter  
See the foldout answer  
A crying eye  
That burns an image

The cause celebre  
The fired fruit bowl  
In glazed animation  
The sun dances inside  
And dries the  
Intestinal intimacy  
Up
