

Andre the Hawk

Guided by Voices

Andre the hawk
Went for a walk
What did he see?
What did he see?
And nobody knows
What all went down (Down)
When he came around
But he tripped the alarm
Way down on the farm

When life was a drag
Deplorable
But no love is lost
To timing

And what did he see?
And where will he go?
And nobody knows but me
It's all going down
Where else could he go?
And nobody knows but me
Ooh-ooh
