

Aquarian Hovercraft

Guided by Voices

Aquarian hovercraft
North American ice cream range
I can hardly see them
Wild solid it's a bit of dream
Someone go and meet them
Meet them soon

Three point four acrobat has a tale to tell
Do you really think so?
Even [?] destination of his wicked spell
You must not believe them
You might wanna leave them

Your nose comes out to play
As your cold sores go away
And I find another clue
Would you tell me what to do?

Aquarian hovercraft
North American ice cream range
Do you want to lose them?
Do you wanna meet them?
