Authoritarian Zoo

I hear they're coming for you
A private animal's gimp
Now it's regarding your limp
But tell me what can you do?

But you went AWOL for days
And you were starting a phase
And being first on the list
Getting the animals pissed
Authoritarian Zoo

They'll throw a net over you

Time out for screaming
They're not willing to never mind
Leave a bad number
And go running
'Cause they're gunning for you

Authoritarian Zoo

An excruciating silent battle
Hiding in the hills
Waiting
Eating
Stabbing on
But they'll be grabbing you
