

## Black Ghost Pie

Guided by Voices

Do you act so manic in a seedy town  
Keep us out of German shepherds you  
And I'm lost and found  
Keeps sheep hanging around

Grand openings predicted at the stomping ground  
We tried to live it through the sound  
Disconnecting routes now to secrets found you  
Like a curtain around you

We can keep the apple sky  
You can feed on black ghost pie  
You're completely out of time
