Candy Machine

Guided by Voices

Have you seen the worm, he's over it
Warmer than all about
Have you seen the child, he dreams
Screaming for the candy machine

For the worm, he's over it
For the child and the dream
Screaming for the candy machine

Screaming for the candy machine
Screaming for the candy machine

What is that all about?
What my dreams all about

For they sold it to the candy machine
They put it in a candy machine
Then they sold it to the candy machine
What was that all about?
