

Coming Back from Now On

Guided by Voices

Alright this is called "I'm coming back from now on"

I'm coming back from now on, from now on
I'm coming back from now on, from now on

Coming back from now on
Coming back from now on

Coming back from now on, from now on

Fashion your kisses to me
I will follow you
You don't have to listen to me
I will follow you
'Cause it's true

Coming back from now on, from now on
I'm coming back
I'm coming back

Coming back from now on
Coming back from now on
