

Contemporary Man (He Is Our Age)

Guided by Voices

Our son has been through timeless phases
He is our age, he is our age
God takes a lot of concentration
He is our age, he is our age
He is our age, he is our age

Passed generations down
Through the sons of man
He is our age, he is our age
He is our age, he is our age
He is our age, he is our age

Conquered the worst
That's what we breathe through
Can't erase
Heedless our rage
Jesus arranged
He is our age...
