

Do The Ball

Guided by Voices

My fear packing it up
Gotta a lot of hair
Gotta a love a big ball
Gotta a pick it out from over here

I can talk to my ball
Ball ball ball
Ball ball ball

You can talk of it all night long
You can [?] all night long
Give a little bit

Light, light, light, light, light
Do the ball
Yeah, do the ball

A little, little light
A little, little light
Do the ball

I give a little back
I'm gonna get down
Once my ball
