

Dome Rust

Guided by Voices

Dome rust at no top,
I've got you to realize,
I thought you were.
I find you rust,
I find you gum right,
I find you rust,
I find you gum right.

I find you dome rust,
I thought you were.
Come back, come dome rust.

That's how we know, that's how we know our dome rust.
That's how we know, that's how we know our dome rust.
That's how we know, that's how we know our dome rust.
