

Fantasy Creeps

Guided by Voices

I need a cigarette, kinda

Here come the fantasy creeps
They're all around you
They're here to give you the creeps
They've come to hound you

Here come the fantasy creeps
Thick walls, they pound through
They know where everyone sleeps
I'm glad they found you

Any time (any time), any time at all
Any time (any time), any time at all
Any time (any time), any time at all
Any time (any time), any time at all

Here come the fantasy creeps
To interrupt your TV show
Here come the fantasy creeps
Re-released on video

Any time (any time), any time at all
Any time (any time), any time at all
Any time (any time), any time at all
Any time (any time), any time at all
