

Fire 'Em Up, Abner

Guided by Voices

OK, everybody
If you could take that sign
And plant it in that yard
You can try to gain approval from your peers
Community of leers
Another house on fire
Now please present solutions to real fears
Fire 'em up, now!

Now put some work into me
And blow some life into me
Don't forget to catch the pit real nice
Spread the heavyweights all over the place
In the paper, in the paper, in the paper, in the paper
Do not see the angels going easy to clear real ice
Fire 'em up, now!

Fire 'em up, it's Abner, let's echo now
Fire 'em up parading, tall and proud
Fire 'em up for magnets laying down
Fire 'em up parade for boy and clown
Oh...

If you could take that sign
And plant it in that yard
You can try to gain approval from your peers
Community of leers
Another house on fire
Now please present solutions to real fears

Fire 'em up, it's Abner, let's echo now
Fire 'em up parading, tall and proud
Fire 'em up for magnets laying down
Fire 'em up parade for boy and clown
Oh...
