

Flight Advantage

Guided by Voices

But not trees
Have flight advantage

When they spray
It strong across the field
Over the plants, they can't jump
And not ants

Birds can fly
And spiders will dance
Well, the spiders will dance
Spiders will dance
Spiders will dance

And now we
Have a slight advantage

The price we'll pay
As long as we escape
Over the hump
From place to place

And do come back

Birds will fly
And spiders will dance

The spiders will dance
The spiders will dance
Spiders will dance
Spiders will dance

The spiders will dance
Spiders gonna dance
The spiders will dance
Spiders will dance
The spiders will dance
The spiders will dance
