

## Goodbye Note

Guided by Voices

I'm leaving  
Don't interpret it wrong  
And don't worry  
I'm not leaving for long

Catatonic  
Haven't packed much, just so you know  
I'm complacent  
And reluctant to go

Stick you in a carrier and  
Take you to the shows  
What you think is not work is work  
The insiders know

That I miss you  
Come as you wish to

I'm leaving  
Don't interpret it wrong  
And don't worry  
I'm not leaving for long

Put you in a carrier and  
Take you to the shows  
What you think is not work is work  
The insiders know

That I miss you  
Come as you wish to
