You want a handy man

I'm a trickster and a super boy

Just watch me now

Yeah, you just watch me now

With [?]

I'm a cracker man and act a plan

Just watch me now

Yeah, you just watch me now

You just watch me now

That crusty sheet

It keeps me beat

Got a Polaroid mind

Got a real good time

Just watch me now

Yeah, you just watch me now

Said look out boy you gonna need some beer

'Cause I still suffer a million fears

Just watch me now

Just watch me now

Just watch me now

Just watch me now
