

# Groundwork

Guided by Voices

Change your life  
Make it work  
You must make other's

Groundwork  
Groundwork

Face the fear  
And push it back  
You must make other's

Groundwork  
Groundwork

What's the truth's  
Hold on you  
Painted strength  
Painted goo

I'm floating down to you

The starlit skies  
The human eyes  
There is no other

Groundwork  
Groundwork

And face the fear  
And push it back  
There is no other

Groundwork  
Groundwork

Spread the change  
Getting worse  
All the pain  
Darwin's curse

I'm floating down to you  
I'm floating down to Groundwork  
I'm floating down to Groundwork  
I'm floating down to Groundwork  
I'm floating down to Groundwork

Spread the truth
