

I Share a Rhythm

Guided by Voices

I share a rhythm, yeah
I share a Jesus Christ with you
I throw you baby shower
Babe, I'm gonna tell to you

Bear with me when I accelerate

Enemies fail to seal my fate
Can't arrive without me
Let it die without

I share a rhythm
I share a
I said kiss them
I gotta cute sound
I made an album
I said it's alright
You're gonna take me
You can't protect me
'Cause I share a rhythm
You can't protect me
Alright
I share a rhythm
Yeah, I share a rhythm
