

(If You've Got A Rocket) Got To Ride

Guided by Voices

If you've got a rocket let it go
If you gotta sock it lay your eyes now
If you've got a rocket let it go
Put bit in your pocket let the size grow
And I know the thing about
About you
Gonna point you out

If you've got a rocket let it go
If you gotta calculate it go
When I go
It's not very popular to know
It's not over populated though
But I know how you feel about
When I'm broke

How to behave and I know
How you feel about surprise
But I've got to rise
Yeah I've got to rise
So if you got it on you let me know
If you got around and let him go
If you've got a rocket let it go
Put it in your pocket let it go back
If you wanna knocking let me know
If you want to
