

# Invisible Train To Earth

**Guided by Voices**

Big screens are waiting at the crowd  
But I'm on an invisible train to earth  
Discover yourself  
Burn to be burning

He's proud such emerging  
But I've seen it all before  
It's dumb and it's doom  
Right from the start  
Yeah

Big whales are screaming at the clouds  
And I'm on an invisible train to earth
