

Janet Wait

Guided by Voices

When she walks with me
Something tells me
She doesn't want to wait
I get irate
Janet wait

When she holds my hand
Something tells me
She doesn't understand
The beast of her man
In a world of hate
Janet wait

When she talks to me
When she walks
She walks with someone else
I get irate
Janet wait

When she holds my hand
Something tells me
She doesn't understand
The beast of her man
In a world of hate
Janet wait
