

Jupiter Spin

Guided by Voices

Feel, listen like no one
Uses dancing, uses dancing
Mere strings and private strikes
Uses dancing, uses dancing
Seers through his head
These words, are looking down
Through his head As I'm moving the future
For dancing, for dancing
Jeeper stoner under his eyes
Uses dancing, uses dancing
Reed and wooden steel eyes
Uses dancing, uses dancing
The prays mourn hollow cries
Uses dancing, uses dancing
I fear masses are coming in
As I'm talking to mountains
