

Keep It Coming

Guided by Voices

What's more, what's more important
The run, the run or the finish?
The thrill will soon diminish
You must keep it coming
What's more, what's more important
The substance or the look?
The subject of character assassins
You must keep it coming

What's more important?
When choosing entertainment
Finding the [?]
Selected the sport
You must keep it coming...

What can be more important
Than discovering next generations?
Floating, consuming a lot
Flicking up the dust
And the feeling can wait
You must keep it coming...
