

Know Me As Heavy

Guided by Voices

Throw me a rise
Send me your blood
I'll find you out
In one disguise

Know me as heavy
Brandish your weapons
When you know me as heavy
I'm star studded loft
And I'm well self detested and caught

Time distance range
Violins placed
Fashion around
Throw on your cap room

Know me as heavy
Abolish the happening rack
When you know me as heavy
You size me in laughter
And I'm getting after a great time

And if a house can get sustained
About you we'll invite you in
Know me as heavy
And that's where the house is
Where I'll get mad in your zone

Make it the lair
Strewn recent care
Passion for grow
Flown is the raven

It's a lot of sentimental
Career instruction program is back
But if you know me as heavy
I'll pinpoint with razor
Bring venom as chaser they'll take you

And if a browse louse
Can trace you
What might erase you
And maybe dense you
And then they'll marry you as heavy

The same place they'll arouse you
Body you into his pornographic profile

That's great!
God sends you love
God makes a raven
And she makes you love
