

## Linda's Lottery

Guided by Voices

Hey, I don't like you  
Right here  
Hey, what to do now  
Lie here

I'll be there for you tonight  
Even you and I'll try  
You don't deserve to be treated that way

What was the problem  
I'll shower  
No one will care for you  
Like I will

They never try to love you  
I will place no one above you  
Here comes the right boy and I play

I wanna be in your lottery  
I wanna be in your lottery  
I wanna be in your lottery  
I wanna be in your lottery

I wanna be in your lottery  
I wanna be in your lottery
