

## Long Way To Run

Guided by Voices

Looking back on situations I've been through  
Guessing games for me are certainly no fun  
Round the outside it's a long way to run

Each man who knows you  
Has a lot to show you  
Works hard just to keep you  
Out of the lake  
Where no one can take you away

New expression to keep me on my toes  
Real good service on centrifugal force  
Something about you keeps me hanging around  
Something else just keeps on bringing me down

Each man who knows you  
Has a lot to show you  
Works hard just to keep you  
Side of the lake  
Where no one can take you away
