

## No Transmission

Guided by Voices

No transmission  
Not from the start  
No transmission  
In your heart  
No transmission  
And now you've run me down again

No transmission  
Not to begin  
No transmission  
'Til the end  
Your decision  
Keep me down and out again

None in your heart  
None in your heart  
None in your heart

No transmission  
Not in your heart  
No transmission  
In your heart  
No transmission  
And now you've run me down again
