

## Of Course You Are

Guided by Voices

Are you there when the fat lady sings  
Are you mixing your potions  
With the [?] talk and all that it brings  
Of course you are

Do you know of the network of spies  
No real communication  
Are you born in the birthplace of flies  
Of course you are  
Of course you are

Sometimes you're not of those amazingly  
Sometimes, though, of course you are  
Of course you are  
Like some kind of clown

Are you there when the fast train leaves  
Bet you know all the right strings  
To pull and you're something to me  
Of course you are

Sometimes you're not that guy  
Sometimes you are that guy  
Of course you are  
Of course you are  
Of course you are
