

One Drop

Guided by Voices

Just one drop of your love is all it took for me
Just a little taste of blood is all it had to be

I waited for the night
And I will run to you
I'll take and I'll lie
Be away from you

I need you to be the one to change my life
To be the one I'll pray to

Just one restless night is all you gave to me
Just a little taste of blood
Just a little taste of blood

I need you to be the one to change my life
To be the one I'll pray to

Just one drop of your love
Just one drop of your love
Just one drop of your love
Just one drop of your love
