

## One, Two, Three, Four

Guided by Voices

We heard the marching of men  
One two three four  
One two three four  
We tried to count them by tens  
One two three four  
One two three four

One two three four, one two three four  
One two three four, one two three four  
We heard the marching of men  
One two three four  
One two three four  
We tried to count them by tens  
One two three four  
One two three four
