Stop telling me I don't know what I'm talking about
Can see it in your eyes, you know I'm not that tough
I may have created all that I am here

The situation has me I've gotta grab it

I don't know which way to fall
Feeling overloaded
You say I may be the cause
I don't know if I believe in me enough
Feeling overloaded now

Stop telling me I don't know what I'm talking about
I try to give and all I get is a feeling of regret
I don't know if I can be everything you want

I don't know which way to fall
Feeling overloaded
You say I may be the one to blame
I don't know which way to fall
I'm feeling overloaded

The situation has me I've gotta grab it

I don't know which way to fall
Feeling overloaded
You say I may be the cause
I don't know if I believe in me enough
Feeling overloaded now

I don't know which way to fall
I don't know which way to fall
I don't know if I should fall
