

Perch Warble

Guided by Voices

Perch warble
She wants to love a [?]
Early candidate
[?] memories delayed

She can take you down the way
She can run you down the way
She can hold you down
She can hold you down

Perch warble
She wants to love a [?] it's okay
Early candidate
[?] memories delayed

She can make you down the way
But I'm hoping she won't stay
And she'll hold you just to touch you
And I told her not to trust you
And she's flying high
And she's breathing the eye [?]

'Cause she's a rolling devil
She's a rolling devil
And she's rolling something away
