Photo Range Within

Guided by Voices

```
Come down to me
Within my range
My photo range
It's not so bad
It'll take you down
And all the way
And if you know

You can see what's entertaining
It's your right, then
Then you can reset
It's a lovely place to go
Then you'll throw your light
Tonight

Come down to me
Within my range
My photo range
```
