

Sentimental Wars

Guided by Voices

Sentimental wars
We are all fighting
Can we ever find the time to be alone?
Do you ever want it all?
Do you ever find yourself?
Do you ever want to be all alone?
Can we ever find the time, just you and me, all alone?
Can we ever find a time, just you and me, all alone?

Just take my hand
I will walk with you
Out comes the sun
Whenever I'm with you
Just take my hand
I will be with you always

Just take my hand
I will walk with you
Out comes the sun
Whenever I'm with you
Just take my hand
I will be with you always

I've got this feeling inside of me

Just take my hand
I will walk with you
Out comes the sun
Whenever I'm with you
Just take my hand
I will be with you always

Just take my hand
I will walk with you
Out comes the sun
Whenever I'm with you
Just take my hand
I will be with you always
