

Shake It Out

Guided by Voices

If you got a problem, don't let it hang
Things like that, can drive a good man insane
Got to live with someone, you just ain't no poor
Got to deal with someone, who just cause you're girl

Shake it out
Shake it out
Got you through ground, now you gotta wait
Shake it out
Shake it out
You got to listen to what I gotta say

I don't know how it is
I'm going to know how it's suppose be
I can live my life
It's not a thousand lies
I wanted long and I got to be free

I won't loose you babe
Shake it out
Shake it out
Got you through ground, now you gotta wait
Shake it out
Shake it out
You got to listen to what I gotta say

Shake it out
Shake it out
Got you through ground, now you gotta wait
Shake it out
Shake it out
Hey
Shake it out
Shake it out
Shake it out
