

Shifting Swift Is A Lift

Guided by Voices

I got a gold tooth for a good woman yeah
Whoo, she's a poetic bumper sticker
I got fresh the grits, yeah
My name is Penguin
A massive upheaval with crow hoppings and prettiest freaks go 'round
He he he he he he he

Ooh, solve the planet
A wise man and his whisky
On a five kiss detail
Shifting swift is a lift
Shifting swift is a lift

In men's pants paradiso
You are placed in despicable positions
And the best approach is not known
So just follow the bite marks
No need to stare for this ego is necessary
Shifting swift is a lift
