

Show of Hands

Guided by Voices

This concoction is strained
Very smooth and contained
But walls defeat us
When thinking of knocking them down
Yeah

People souls through people holes
Shooters at the whistle

Show of hands

Are you watching this movie?
Are you drinking it in?
Have you seen it before?
Would you watch it again?

Let's have a show of hands

This attraction is strange
Something new for a change
But walls defeat us
From stopping and finding it out
Yeah

Reverse the exit sign
Go back in
Could you bear to listen?
