

Somewhere Sometime

Guided by Voices

Somewhere sometime
I will be there with you
I will dance with you
Somewhere sometime

Somewhere sometime
I'll probably come and smile
Together all the while
Somewhere sometime

Just take my hand
We'll do all we can
To make this more than it should be

Somehow someplace
Keep in the back in my mind
We'll leave it all behind
Somehow someplace

Just take my hand
We'll do all we can
To make this more than it should be

Somewhere sometime
We can both share a dream
It's more than it seems
Somewhere sometime

Somewhere sometime
I will be there with you
I will dance with you
Somewhere sometime
