

## Song and Dance

Guided by Voices

Count on my head  
Mine alone, single  
This many rabbits down an ozone hole  
Remember all night a light  
Found a greater 'to the death' fight

Go away it says  
And never sees you later  
Maybe means kiss and go  
Nowhere fast  
No

Camera out of focus  
On the last tangle  
Displayed a mansion for a mobile home  
Remember 'dog mite bite'  
Disobeyed a flashing red light

Bonus incentives  
For your gasoline discounts  
Should have seen rock and roll  
Had nowhere left  
To go

Listen to me  
Try me slow motion

Listen as you  
Run me over
