

Stone Cold Moron

Guided by Voices

This is how you taunt me
Happily, insanely
Howdy-dooddy
Howdy-dooddy
Go right through me

And he said
Stone cold moron
Piss on my leg
Yeah, stone cold moron
Tell me it's raining, I hear the wind

And then she said
"Hey, you shouldn't call people names"
War is fun for him, he's a real fire starter
And it's this shit, all I can take
Gives it to me when I don't wanna be around, go on

Stone cold moron
Get out of my way
Yeah, stone cold moron
(Bob, step out of the car)
Get out of our way
(Sir, put your hands on the dashboard
Sir, step out of the car
Sir, put your hands where I can see them and step out of the car)
