

Supersonic Love Funky Love Gun

Guided by Voices

What is that you're saying to me?
I don't like it one day
What is that you're saying to me?
I don't like it one day

It's one of those things
I think it's crazy enough
It's the kinda thing
I think it is

Lift your happy little monster
In a crazy cacoon of love
In a crazy cacoon of love

You wrapped me up and took me
You wrapped me up and booked me
For your one night stand
For your one night show

I believe now
I can't hold back
I believe it's the one thing I don't wanna do
For you

Pow!
