

Tear The Ticket In Half

Guided by Voices

Broken back I want to get you up
Watch them burn in the fire of fear
Open dragon but I'm dragging my car
The world is fasting on a dying star

Where do we go at the end of the ride
How do we know

Head is my home and
The wind is my highway
Where I go
Now, now, now, no, now, now, no
Now, now, now, no, now, now, no

Who's on the step at the top of the stairs?
In the mystic is community scare
We keep running like a long dark dream
Of course reality is not what it seem

Where do we find all the time to relax?
How do we hide it?
What do we say when we can't get away?
How do we decide it?

Now, now, now, no, now, now, no
Now, now, now, no, now, now, no

Tear the ticket in half, yeah
Tear the ticket in half, yeah
Tear the ticket in half, yeah

Now, now, now, no, now, now, no
Now, now, now, no, now, now, no

Wait for me one more hour
Wait for me one more hour
Wait for me one more hour
Wait for me one more hour
