

## Test Pilot

Guided by Voices

Gonna count on you  
Gonna need you soon  
Gonna make you run  
Gonna have some fun

You can count on me  
I can't go wrong  
I'm the one you should turn to  
And you might even  
Book it to a Zoom room

You can count to ten  
On all your thumbs  
It's a crash course  
It's fast and easy  
And you might even  
Try it to appease me

Try it out on you

Since you may not have my number  
I'm gonna call on you
