

# The Great Man

Guided by Voices

He's a great man  
He defends his rights  
Considering every side  
And he's persuasive  
Like a great man

And he doesn't get distressed  
Even when he's depressed  
He's very active and appointed  
And he lies

And then he looks hard  
Stands his ground  
He'll let you talk but he won't back down  
Talk and don't back down  
And you can be a great man

And bring the target up close  
To get what you want most  
'Cause he's a great man  
He's half-awake but he's a great man

And he worked his way up  
Nothing is wrong  
Or right

Deliver a message, be a great man  
Do not question an arrow drawn by a great man  
Standing up, betting on a great man  
Alright
