

The House Always Looks So Nice

Guided by Voices

Your house always looks so nice
Every time I come over there
Over there it's a tiny little place
And I love to go there

On second thought
Maybe I'm not so ready now

Your house always looks so nice
It's such a good drive to go over there
And I shouldn't have to think twice
I need to go back to your highway

Maybe I will think of you

Even if I have to [?]

Don't you feel that like
Getting cold
Wouldn't you consider a watch

All you need is me
Your house always looks so nice
