

## The Issue Presents Itself

Guided by Voices

The issue presents itself  
A working keeps running  
The issue presents itself  
That's waiting outside and coming

Stand up for the first business  
Stand up for what you believe in  
Stand up for the movie  
Stand up for what, what you believe in

Presents itself  
And life will go on without you  
The issue presents itself  
The story is not leaving without you

Stand up for the first business  
Stand up for what you believe in  
Stand up for the movie  
Stand up for what, what you believe in

Voices weep, it hardly speaks  
It makes going down to believe you  
It is the toy, without the joy  
It does its best to receive you

Voices weep, it hardly speaks  
It makes going down to believe you  
It is the toy, without the joy  
It does its best to receive you

Voices weep, it hardly speaks  
It makes going down to believe you  
It is the toy, without the joy  
It does its best to receive you
