The Official Ironmen Rally Song

Guided by Voices

Bitter fish in crude oil sea You don't have to bother me You just have to join in on this song

Crawling people on your knees
Don't take this so seriously
You just have to hum it all day long

To dine alone
To build a private zone
Or trigger a synapse
And free us from our traps

You won't see me turn my back
With my head against my stack
Spitting teeth and breaking open skin

Official ironmen you are free Champions officially But you won't catch me on an open chin

To dine alone
To build a private zone
Or trigger a synapse
And free us from our traps

Save your knock-out punches for the freaks Happy little babies with red cheeks You will rock them gently out of sync

Confirmations through the wire Spitting gas into the fire Am I also worthy of a drink?

To dine alone
To build a private zone
Or trigger a synapse
And free us from our traps
