

## Then Again

Guided by Voices

I need your love so badly  
Then again  
Feeling guess of what madny  
Then again  
You're the one thing to live for  
Then again  
You're the one thing I die for

Again and again and again  
Again and again and again  
I need your love  
I need your love  
Again and again and again  
Again and again and again  
I need your love  
I need your love  
Again and again and again  
Again and again and again

Seven days of the week  
Thirty days of the month  
Everytime I go around I need your love  
When I'm holding your hand  
When I'm brushing my teeth  
But I know that you need  
Only one love

Seven days of the week  
Seven days of the month  
Everytime I go around I need your love  
Thirty days of the year  
No I'm holding you near  
And I want you to be  
What I want you to be
