

# They

Guided by Voices

Garden spirits  
Is there danger?  
Memorial gemstones  
In the hot woods  
In the hurled words  
Splashing, spitting, crashing, shitting  
Idiot pictures  
Of black-eyed cruisers  
Who test the chemical waters  
The smoke with moon  
And artificial sun  
And this is how we have fun  
They  
They  
They  
They  
They
