

## Think. Be a Man.

Guided by Voices

Think. Think.  
Be a man. Man.

"You don't need professional counseling"

Think. Think.  
Be a man. Man.

What hands tied up  
Should you move up the ladder

Give your love to this  
Return the blood you take  
Make brain power possible  
As electrical lowers scan

And think. Think.  
Be a man. Man.

And don't feel so vastly important

Think. Think.  
Be a man.

They'll all come out  
When you thrown down an anchor

Give your hope to street  
Slow down the city of fools  
The fast ones are long gone  
Gone the city to where they ran

And Think. Think.  
If you can

When you think, think  
Be a man's man's man's man
