

Timing Voice

Guided by Voices

A prison prayer
A consultation
At eardrum station

A counter traps
A desk of chains
A racist nation

A sacrifice
A happenstance
A congregation

To read by light
In the event of the coming darkness
To see a face
Going out and coming soon

I want one

Timing voice
Offering no choice
Static monotonic metronome
I'm bouncing off
I'm counting on

Mountain move on shifting plate
Foisting last hope to the dire strait
Praise what one must appreciate
